

# SOUTH BRUNSWICK CHARTER SCHOOL

January 9, 2017

Dear South Brunswick Charter School Parents and Guardians,

Enclosed, please find our school's 2015-2016 NC Report Card Snapshot. The NC Department of Public Instruction issues these report cards primarily to demonstrate school performance on state End-of-Grade (EOG) tests. This snapshot is reflective of the previous academic year, 2015-2016.

Our school received a performance grade of "B." You will see that our school's "Achievement" score is 74. This is sixteen points higher than the state average of 58, which is not included on this report. Our school "Met Growth" in 2015-2016. We are also pleased to share that our school was the second-highest scoring elementary school and received the highest EOG Reading Score in Brunswick County.

The report includes other non-performance measures which you will find in the enclosed. Among them is a "School Safety" measure which reflects that our school experienced zero safety incidents in 2015-2016.

Clarification is required for the "Quality Teachers" measure in the report. Public charter schools are required to maintain a staff of at least 50% licensed teachers. Despite far surpassing this requirement in this report, it is important to note that SBC works to ensure that 100% of its teachers are either fully-licensed with a teaching degree or have a lateral entry license and a related four-year degree. Lateral-entry licenses are not recognized under this report, though they result in report-recognized licensure within three years. It is also important to note that all SBC teachers attend an annual, extensive professional development series for training in Direct Instruction and our classical curriculum. Another unique feature of our school is a dedicated teacher-support department provided by our management company, The Roger Bacon Academy, Inc.

Clarification is also required for the "Access to Technology" measure of the report. SBC provides a computer in every classroom as well as a 30-station computer lab.

Important items to note on the 2015-2016 NC Report Card Snapshot are as follows:

- Our "Achievement" score was 74 compared to the state average of 58.
- Our "School Performance" grade was a "B."
- Our school met Academic Growth.
- Our school experienced zero safety incidents

I want to personally thank all of our teachers, assistant teachers, support staff, coaches, parents and guardians who support our school every day. Thank you for making our school great!

Best Regards,

*Michelle Mena*

**Formula for determining the School Performance Grade:**

- 80 percent of the School Performance Grade is based on the school achievement score. The school achievement score is calculated using a composite method based on the points earned by a school on all of the tests measured for that school
- 20 percent of the School Performance Grade is based on academic growth
- If a school has met expected growth and inclusion of the school's growth score reduces the school's performance score and grade, a school may choose to use the school achievement score solely to calculate the performance score and grade

**A+NG Schools:** A+NG schools earned a score of 85-100 and do not have significant achievement or graduation gaps.

### What does this achievement level number mean?

Students scoring at Levels 1 and 2 will likely need additional help next year to succeed in that subject area. Students scoring at Level 3 are considered proficient for that grade level or course, but may still need some targeted help in the next grade or course. Students scoring at Levels 4 and 5 are ready for the next grade or course, and are also on a path to be prepared for college or a career by the time they graduate.

*The reading and math End-of-Grade tests are administered in grades 3-8. The science End-of-Grade tests are administered in grades 5 and 8 only.*

**Annual Participation Requirements:** Schools are required to test at least 95 percent of their students on assessments administered for accountability. This requirement is for the all students group and for each student group. The minimum number of students needed in a group is 30.

Our school met . out of . targets.

For more information on participation requirements please go to [www.ncpublicschools.org/accountability/reporting](http://www.ncpublicschools.org/accountability/reporting).

## QUALITY TEACHERS

	Total Number of Classroom Teachers*	Fully Licensed Teachers**
Our School	9	88.9%
State	34	97.5%

\* The total number of teachers in this school and the average number of teachers in schools with similar grade ranges at the district and state level.

\*\* According to the charter school statute, a charter school is required to have a minimum of 50% of its teachers licensed.

**Highly Qualified Teachers:**  
Percentage of classes taught by Highly Qualified teachers as defined by federal law.

Our School	86.7%
State	98.2%

## SAFE, ORDERLY AND CARING SCHOOLS

**School Safety:** The number of criminal acts reported per 100 students. Criminal acts include all acts occurring in school, on a school bus, on school grounds, or during off-campus, school-sponsored activities.

Our School	0
State	0.21

**Access to Technology:** The Number of Students per Internet-Connected Digital Learning Device

On this measure, smaller numbers are better than larger ones; there are more computers available to students when the number of students per computer is low.

## FINANCIAL SUPPORT

### Source of Funds (Amount per Student, Child Nutrition Included):

Charter schools in North Carolina operate with funding from local, state, and federal sources. The financial support reflected in these numbers includes all categories of expenses for operating a charter school, including teacher and administrator salaries, textbooks, transportation, Career and Technical Education courses and other education supplies and materials.

**Use of Funds:** Education is a labor-intensive enterprise, as reflected in the accompanying chart. Salaries for teachers and other staff are usually the largest expense in a charter school. State and federal funds are generally allotted for specific purposes, services, or programs.

## READ TO ACHIEVE

The Read to Achieve program is a part of the Excellent Public Schools Act which became law in July of 2012 and applies to all schools at the beginning of the 2013-2014 school year. The goal of the State is to ensure that every student reads at or above grade level by the end of third grade. Students who are proficient on the 3rd-grade EOG or qualify for a "good cause exemption" are promoted to Grade 4. Students who are not proficient may be retained in 3rd grade or placed in 4th grade with extra reading instruction and a Retained Reading label.
